

OpenTox/OpenRiskNet Free Training Sessions November 21 and OpenTox Euro conference – virtual attendance

On Tuesday, November 21, preceding the OpenTox Euro Conference, we will hold the following training sessions, run in conjunction with OpenRiskNet:

OpenTox - OpenRiskNet Training Session 1

11:00 - 13:00 Parallel training sessions

- 11-13 Ontologies (recorded)
- 11-12 NanoQSAR modelling (broadcasted live)
- 12-13 QSAR and conformal predictions (broadcasted live)

OpenTox - OpenRiskNet Training Session 2

○ 14:00 - 16:00 Parallel training sessions

- 14-16 Biokinetics modelling (recorded)
- 14-16 Workflow management systems (broadcasted live)

If you'll be in Basel, you can attend for free! If not, you can also attend virtually!

More details on the sessions can be found here:

<http://www.opentox.net/events/opentox-euro-2017/training-and-hackathon>

To attend virtually, you connect by GoToMeeting here:

<https://global.gotomeeting.com/join/715561590>

Password: OpenTox321

You can connect anytime up to 5 minutes before. You may have to agree to “Open GoToOpener.app?” that pops up.

And for those of you thinking about attending the main conference, it's still not too late to register:

<http://www.opentox.net/events/opentox-euro-2017>

If Basel is too far, most of the talks will also be broadcasted live and recorded.

We look forward to meeting you in person - or virtually - next week at what will be a great conference!
