# CONFERENCE

## SYSTEMS TOXICOLOGY AND SAFETY ASSESSMENT

Asahi Seimei Otemachi Building  
Tokyo, Japan

### TOPICS

- S1** Systems Toxicology / Toxicogenomics
- S2** Integrated Testing and Safety Assessment Applications
- S3** Integrated Alternative Methods in Predictive Toxicology
- S4** Systems Toxicology Developments supported by Big Data and Artificial Intelligence
- S5** New horizons in toxicology at the intersection of science and technology

### CONFERENCE CHAIRS

- |  |                                  |
|--|----------------------------------|
| <b>Hiroaki Kitano</b><br>SBI, Japan                                    | <b>Jun Kanno</b><br>JBRC, Japan  |
| <b>Daniele Zink</b><br>A*STAR, Singapore                               | <b>Samik Ghosh</b><br>SBX, Japan |
| <b>Barry Hardy</b> , OpenTox President<br>Douglas Connect, Switzerland |                                  |
